

Det vakreste som fins ([Jahn Teigen](#))

Jeg har ofte gått og tenkt på hva det var jeg gjorde galt
(I have often been thinking about what I did wrong)
Tenkt på alt jeg ikke fikk fortalt
(Thinking about everything I didn't get to tell)
Det var så mye jeg ville gi deg, det var så mye jeg skulle ha gjort
(There was so much I wanted to give you, there was so much I should have done)
Men tida gikk så alt for fort
(But time went by all too fast)
Du er det beste som har hendt meg og det kjæreste jeg har
(You are the best thing that ever happened to me and the dearest I have)
Og ingen kan ta fra oss det vi har
(And no one can take away (from us) what we have)
For kjærligheten kommer og kjærligheten går, men det vi hadde sammen skal bestå
(Because love comes and love goes, but what we had together will last)
Om det skulle blåse kaldt, om jeg leter overalt
(If it were to blow cold, if I looked everywhere)
Ingen er så god som du, du er det vakreste som fins
(No one is as good as you, you are the most beautiful thing there is)
Om det skulle blåse kaldt, om jeg aldri fikk fortalt
(If it was going to be cold, if I never got to tell)
At ingen er så god som du, du er det vakreste som fins – for meg
(That no one is as good as you, you are the most beautiful thing there is – for me)
Var så godt å være nær deg, godt å ha deg som en venn
((It) was so good to be close to you, good to have you as a friend)
Å, jeg lengter etter varmen din igjen
(Oh, I long for your warmth again)
Var så fint å være sammen, og du smilte da du dro
((It) was so nice to be together, and you smiled when you left)
Dine øyne sa meg mer enn du forsto
(Your eyes told me more than you understood)
Det fins håp i alt du tenker, det fins håp i alt du gjør
(There is hope in everything you think, there is hope in everything you do)
I mitt liv er du et lys som aldri dør
(In my life, you are a light that never dies)
Om det skulle blåse kaldt, om jeg leter overalt
(If it were to blow cold, if I looked everywhere)
Ingen er så god som du, du er det vakreste som fins
(No one is as good as you, you are the most beautiful thing there is)
Om det skulle blåse kaldt, om jeg aldri fikk fortalt
(If it was going to be cold, if I never got to tell)
At ingen er så god som du, du er det vakreste som fins – for meg
(That no one is as good as you, you are the most beautiful thing there is – for me)
Og vi skal kjempe sammen for de drømmene vi har
(And we will fight together for the dreams we have)
Og vi skal finne mange nye bedre svar
(And we will find many new better answers)

Og bålet som vi tente, det skal aldri brenne ned
(And the fire that we lit, it shall never burn down)
Og jeg veit at vi kan holde liv i det
(And I know we can keep it alive)
Om det skulle blåse kaldt, om jeg leter overalt
(If it were to blow cold, if I looked everywhere)
Ingen er så god som du, du er det vakreste som fins
(No one is as good as you, you are the most beautiful thing there is)
Om det skulle blåse kaldt, om jeg aldri fikk fortalt
(If it was going to be cold, if I never got to tell)
At ingen er så god som du, du er det vakreste som fins – for meg
(That no one is as good as you, you are the most beautiful thing there is – for me)
Om det skulle blåse kaldt, om jeg leter overalt
(If it were to blow cold, if I looked everywhere)
Ingen er så god som du, du er det vakreste som fins
(No one is as good as you, you are the most beautiful thing there is)
Om det skulle blåse kaldt, om jeg aldri fikk fortalt
(If it was going to be cold, if I never got to tell)
At ingen er så god som du, du er det vakreste som fins – for meg
(That no one is as good as you, you are the most beautiful thing there is – for me)
