

Idyll ([Postgirobygget](#)) 1996

Det var solnedgang, det var latter, det var sang
(There was sunset, there was laughter, there was song)
Det var sommerfri, det var sjø og magi
(There was summer free, there were sea and magic)
Det var deg, og det var meg, det var minner som aldri vil dø
(There was you, and there was me, there were memories that will never die)
Det var evighet og en sol som farga himmelen rød
(There was eternity and a sun that coloured the sky red)
Det var øl, berusende ord, det var sommer, det var sol
(There was beer, intoxicating words, there was summer, there was sun)
Det var hjerter i brann, blikkstilte vann, alt på denne jord
(There were hearts on fire, still waters, everything on this earth)
Og det var kjærlighet, ja, det var kjærlighet
(And there was love, yes, there was love)
Minner som aldri vil dø, en sol som farga himmelen rød, idyll
(Memories that will never die, a sun that coloured the sky red, idyll)
Sommer'n var på hell, dette var siste kvelden
(The summer was ending, this was the last evening)
Vi lå på rygg, jeg følte meg trygg, men frøys litt likevel
(We were lying on our backs, I felt safe, but still a little chilled)
Vi lå og så på stjernene og hørte på sangen fra [ternene](#)
(We lay looking at the stars and listening to the song of the terns)
Vi visste begge hvor det bar og at vi aldri skulle glemme hvordan det var
(We both knew where it was going and that we should never forget how it was)
Det var øl, berusende ord, det var sommer, det var sol
(There was beer, intoxicating words, there was summer, there was sun)
Det var hjerter i brann, blikkstilte vann, alt på denne jord
(There were hearts on fire, still waters, everything on this earth)
Og kanskje en dag vi sees igjen, vi stopper og prater og du blir med meg hjem
(And maybe one day we'll see each other again, we'll stop and chat and you'll come home with me)
Så ser vi med tiden hva som skjer mens vi tenker tilbake på minner og ler
(Then in time we see what happens as we think back on memories and laugh)
Det var øl, berusende ord, det var sommer, det var sol
(There was beer, intoxicating words, there was summer, there was sun)
Det var hjerter i brann, blikkstilte vann, alt på denne jord
(There were hearts on fire, still waters, everything on this earth)
Og det var kjærlighet, ja, det var kjærlighet
(And there was love, yes, there was love)
Minnene vil aldri dø, solen farga himmelen rød, idyll
(The memories will never die, the sun colored the sky red, idyll)
Barbeint i varm sjø, solen farga himmelen rød
(Barefoot in warm sea, the sun colored the sky red)
Minnene vil aldri dø, idyll
(The memories will never die, idyll)
